September 10, 1998

Dear Interested Parties,

Montana Fish, Wildlife and Parks has proposed an improvement project at Hruska Fishing Access Site. An Environmental Assessment was released on August 3, 1998 and distributed to interested publics and local newspapers.

A public meeting was held in Lewistown on September 2, 1998. No public comments were received at the meeting or by mail or telephone.

We have decided to proceed with this project as evaluated in the Environmental Assessment. I invite you to monitor the construction as it occurs and let us know how you like the end results.

This decision is appealable to Mike Aderhold, Regional Supervisor within 30 days of the date of this notice. Please direct all questions and comments to Doug Habermann, POB 6610, Great Falls MT 59601 (406)454-5840.

Thank you for your interest.

Sincerely

Mike Aderhold

Mike Aderhold
Regional Supervisor
